Shiloh Church Road Site #F3467-09R.pdf

Hi [REDACTED]

This should not have been submitted until the removal of suspension was received by ER. I have not done this yet since the invoice issue that caused this problem has not been resolved yet. I am assuming that it will be in the current invoice, but am not sure.

Both this invoice and invoice 10 (which I assume addressed the issue) are due before I return to site. I will recommend payment of both because of the due date and if there are issues, I will short pay the next invoice again. In the future, please do not submit "R" invoices without a removal of suspension from EPA.
